

To Whom it May Concern,

This letter is a testimonial to the excellent service I have received from Turf Trimmers Landscaping Company. I have been a customer of Turf Trimmers since approximately October 2007. Since that time, my yard has been maintained in excellent condition. This includes a period of approximately 11 months when I was overseas with the Army National Guard and Turf Trimmers went "above and beyond" as far as providing service was concerned. After every month's service, a representative of the company calls me to ensure that all my landscaping needs had been met. It is a pleasure to be patron of such a reliable landscaping company.

Sincerely,

Dave Hurwitz

To Whom It May Concern,

This letter of recommendation is extended to Turf Trimmers Landscaping company who has been providing my lawn maintenance service for the last 8 years. I can wholeheartedly recommend them. They are a reliable, honest landscaping/lawn maintenance company.

In February 2009 I decided to have my front yard converted to desert landscaping. I contacted Turf Trimmer's and an appointment was set up to have someone come out to make an initial assessment of the work and to take measurements. The person who came out was Tommy. I found Tommy to be someone who is very committed to his profession and cares that the job be done correctly.

He promised to have a complete proposal to me within a week's time which he did. The proposal included a detailed map of what the yard would look like once the work was completed along with a proposed cost estimate which stayed the same after the work was completed.

Tommy was very helpful in helping me select the type of plants that would work well with the amount of space I have and also made sure that the existing trees would continue to receive enough irrigation to sustain them with the new drip system they installed.

Once the exact work to be done was approved by me, Turf Trimmer workers came out the next day and had the job done in two days. The work was done quickly with very little disruption. The worksite was cleaned up thoroughly and Tommy came out several times to check up on the crew and the work progress.

I am very happy with the services which Turf Trimmer's has provided me over the last several years and would recommend them to anyone interested in hiring a reliable and trustworthy landscape/lawn maintenance company.

Sincerely,

Dear Ron:

This is a letter to send you a big "Thank you" for your **EXCELLENT** landscaping services. Four years ago at this time in 2005 my husband and I were looking to buy a new home. We found this house and a major attraction for us was the well laid out and maintained landscape. We have a beautiful lawn front and back, with a nice variety of appropriate and hardy desert shrubs and plants. Your landscaping firm had maintained the yards for 8 months and they were in such great shape that we have kept you on as our landscapers for the past four years. You are very punctual about mowing and blowing every Thursday. I do not think you have missed a day! You fertilize once a year, provide semi-annual cleanups, and have installed several new plants that in general have done very well for us. You respond very quickly and professionally when I have called you out here. I hope to continue with you as our landscaper, and I highly recommend your services to any body.

Sincerely,

Diana

Dear Ron,

How can we thank you...
for re-awakening our plants and trees;
for your suggestions;
for the wonderful work your crew does in
planting, spreading the rocks and cleanup;
for the deep feeding.

Please understand, writing this thank you
is not an insidious attempt to increase your
work load. It is merely an example of how
you can put a smile on a face and a good
thought in a head.

Good thoughts come in handy. Like
money in the bank.

Appreciatively,
Ether and Ale
